Development of various forms of material and moral incentives for teaching staff 5. Establishment of specialized laboratories in cooperation with leading companies and manufacturers of innovative equipment.	Head of Department, Head of the EP, University Administration Head of the Department, academic staff Head of the Department, academic staff Head of the Department University Administration Head of Department, Head of the EP, University Administration	Annual procurement plans Annual procurement plans Activities to Develop the University's Information and Educational Resources Ranking of the teaching staff Execution of agreements and allocation of classrooms.

MEASURES TO REDUCE THE IMPACT OF RISKS

The following activities are used in the implementation of a joint educational program to reduce risks:

№ п/п	Naming of possible risks	Measures to eliminate them
1	Insufficient provision of new educational and methodological literature on professional disciplines.	To plan the annual publication of scientific and educational literature by the faculty of the departments in accordance with the working curriculum of the students and to purchase it from outside
2	The traditional way of conducting classes	To improve and implement innovative teaching technologies in the educational process
3	Traditional classrooms and laboratories	Creation of state-of-the-art specialized auditoriums and research laboratories
4	Rejuvenation of teaching and scientific staff	Training highly qualified scientific personnel through master's and doctoral (PhD) programs in line with modern requirements
